III. THE HOME SCREEN

GENERAL AREAS OF THE HOME SCREEN

A. HOME icon: Click in the navigation bar of any screen to return to the Home screen.

B. HELP tab: Make a selection from HELP drop-down list to open a quick "Getting Started" guide to the App, a review of commonly used Chart Symbols, or Court Diagrams showing the 7 court targets and tactical positions.

C. LOG OUT: Click in the navigation bar of any screen to log out of the App.

D. FIND MATCH: To find all a previously charted matches for a particular player, enter the name of the player and then click the "Find Match" button.

You can also find previously charted matches by scrolling through the match thumbnails "F".

E. START NEW MATCH button: Click this button to begin charting a new match. (See Section IV "SETTING UP A NEW MATCH".)

F. MATCH THUMBNAILS: Individual thumbnails are displayed for each previously charted match.

   Click the "**Load Match**" button to continue charting, or to view any of the analytics (Breakdown, Match Report, Scorecard, Video clips (when available)) of a previously charted match.

   Click the "**Edit Format**" button to edit details (such as player's names, match format, match date, etc.) of a previously charted match.

   Click the "**Delete Match**" button to permanently delete the selected match.
